

### **WE STUDY**

**Children find out about the world. They learn how to live with each other.1**

**Wouldn't you want to help these children?  
Remember, they are our future.2**

Garth and Lyudmila Moller are the founders of the I.V. Kargel and F.V. Baedeker School. Garth has been in Russia since 1990, and Lyuda is a citizen. They have been married since 1991 and have two children, both of whom study at Kargel and Baedeker.

Kargel and Baedeker School is a unique educational institution. It is a private school that aims to bring a solid education to children from families that ordinarily could not afford to send their children to a private school.

In addition to children from large families and limited income, there are several children from foster parents.

The school also pays special attention to children with learning difficulties. This is possible with the small classes – never more than ten pupils.

Finally, our program has a moral base taken from the Christian faith.

The school is financially independent of the government. We receive no support from any sources except parents' tuition and gifts from time to time. As tuition cannot cover all of the expenses of educating children, the gifts we receive are very important.

Therefore, we need your help. Please consider what you can do. For more information about the school, our e-mail is [KandBSchool@hotmail.com](mailto:KandBSchool@hotmail.com).
