Dear Mr. Bezrodnov,

I would like to thank you for providing my school the wonderful performance of your Russian dancers. They were very entertaining and the students at St. William's enjoyed the performance. The dancers and musicians are very talented and a credit to your company. Involving the students from the school to be a part of one of the dances made the performance even more enjoyable. The presence of the dance company exposed our students to a little taste of Russian culture. It was a wonderful experience for all.

Sincerely,

Anna Guardino
Principal
