Mr. Bezrodnov,

Thank you for your exciting and entertaining performance today at our school. The authentic Russian folk traditions explored through song and dance were both educational and inspiring.

It is sometimes difficult to captivate a high school audience but you and your group certainly had no difficulty. The talent displayed by the performers was excellent. The interactive sections with our students was especially memorable. We appreciate the visit and look forward to seeing your talented ensemble in the future.

Sincerely,

Edward S. McFarland
