Dear Vitaliy,

What a pleasure to host "Golden Gates" and "Moscow Nights" in concert this morning at Northwest United Methodist Church in Columbus, Ohio.

It was a pleasure to meet you and Oleg Kruglyakov. What incredible talent you both possess!

And Marina (Tourlygina) has every right to be extremely proud of her "Golden Gates" girls! They performed a beautiful – and professional – program that delighted our audience!

I have heard nothing but positive comments about your show. The people thoroughly enjoyed the music and dancing. And the way you involved the audience (with folk dancing and instruments) just added to the fun! We wish you could have performed longer!

Music truly is the "universal language". The performer's songs, smiles, and enthusiasm broke down any language barriers.

Our hope is for your continued safe travel as you continue your tour in the U.S.A. Be sure to let us know when you're coming back. If possible, we'd enjoy hosting you again!

Sincerely,

Bill Hunter
